I am following up with Ms. Williams to determine if these appeared post Hurricane Harvey.

Monica

If these are not Harvey related, they should be handled by our normal procedures.

Comments:

Hello,

Our local fire department recommended I contact the EPA in having two large blue barrels of old gasoline removed

from our property. We discovered them sometime after moving in to our new home and have been trying to figure out how to get rid of it properly.

We live in Magnolia, TX near Houston. Any suggestions?

Thank you,  
Angela
